#### **THE CLOWES CUP**

**DEFINITION OF THE EVENT.** The Trans World Events Motor Club is organising the Carrera Sudamericana Clowes Cup which is a regularity event where competitors try to attain a set average speed over sections of demanding roads, both tarmac and gravel. Spirited, safe driving is required – it is not about outright speed. The event will be organised and run in accordance with the Regulations. Entry is by invitation.

**ROUTE.** The event will start from Buenos Aires, Argentina on Saturday 6<sup>th</sup> May 2006 and will finish in Quito, Ecuador on Thursday 25<sup>th</sup> May 2006. The distance will be about 10,000 kms and will include approximately 40 regularities or tests some held on roads closed to other traffic. The route will be as shown in a Road Book using “tulip” diagrams which are simple drawings of road junctions etc. showing the distances and direction to go.

**ELIGIBLE CARS.** There will be three classes:

- Class 1 – Classic Cars (1950 - 1977)
- Class 2 – 4x4 recreational vehicles

All vehicles must be properly licensed for use on the public highway.

No special preparation is needed. Any modern 4x4 (SUV) vehicle should be ready to tackle the event as it comes out of the showroom. For other vehicles, sump and tank guards are recommended. Other preparation is optional.

**ELIGIBLE COMPETITORS.** Any person with a current driving licence. Non-driving passengers without a licence are permitted. The minimum number in a crew is two and the maximum four.
